

# THE LEGISLATURE.

The Volume of new Business Com-  
tinues to Increase.

## A COMMITTEE OF CONFERENCE

Asked for by the House to Settle the  
Difference With Senate on the Vis-  
itation Committees—Large Number  
of New Bills Introduced—Provision  
for Hangings in the Penitentiary  
May go Through.

Special Dispatch to the Intelligencer.  
CHARLESTON, W. Va., Feb. 1.—The  
house was opened with prayer by the  
Rev. Mr. Lightner.

The committee on taxation and  
finance reported favorably upon house  
bill 145, that checks drawn upon the  
state must be presented for payment  
within three years; and adversely upon  
house bill 157, appropriating monies for  
the relief of O. S. Long, et al.

The judiciary committee reported a  
substitute for house bill 5, concerning  
execution of the death sentence, and al-  
so recommended the passage of house  
bill 36, amending the Charleston char-  
ter.

The committee on immigration and  
agriculture reported adversely on house  
bill 141, concerning standard weights.  
The claims and grievances committee  
reported favorably on house bill 77, for  
the relief of sureties on the bond of J.  
M. Poling.

The committee on roads and internal  
navigation reported adversely on house  
bill 114, to construct and keep in repair  
public roads and house bill 140, requir-  
ing each voter under fifty years to  
work on the roads personally or by sub-  
stitute not exceeding eight days each  
year.

The committee on education reported  
a substitute for house bill 157, relating  
to establishment of school book boards.  
Auditor LaFollette presented his re-  
port of expenditures of the contingent  
fund of his office.

The judiciary committee reported fa-  
vorably on the proposed amendment to  
article 6, of the constitution, providing  
that no charter shall be granted to any  
church or religious denomination, ex-  
cept missionary societies.

Mr. Bowman offered the following,  
which was adopted by a vote of 27 to 4:  
"Resolved, That the senators and  
representatives in Congress from this  
state be, and are hereby requested to  
exercise their influence to secure the  
passage of an amendment to the consti-  
tution of the United States providing  
for the election of senators by direct  
vote of the people."

Upon motion of Mr. Davis, of Harri-  
son, the house declined to recede from  
its position with reference to the ap-  
pointment of committees to visit state  
institutions, and requested of the sen-  
ate a committee of conference.

The judiciary committee reported fa-  
vorably upon house joint resolution No.  
12.

Bills were introduced as follows:  
House bill 155, by committee on edu-  
cation, establishing a school book  
board.

House bill 156, by Mansfield, pertain-  
ing to the legal rights of married wo-  
men.

House bill 158, by Hunter, concerning  
the county courts, their jurisdictions and  
powers.

House bill 160, by McClure, concerning  
state licenses.

House bill 161, by Harrison, for a  
state inspector of elevators.

House bill 162, by Wyatt, to provide  
beds for hospitals throughout the  
state.

House bill 163, by Spencer, for the  
taxation and manufacture of articles  
and products of mechanical skill.

House bill 164, by Ash, establishing  
certain holidays.

House bill 165, by Ash, making a note  
due on Sunday to be payable or pro-  
tested on Monday.

House bill 166, by O'Brien, to prevent  
railroads from running milk trains.

House bill 167, by Davis, of Harri-  
son, relating to the independent school  
district in the township of Grant, Harri-  
son county.

House bill 168, by Talbot, amending  
the act relating to time for holding cir-  
cuit court in Jackson county.

House bill 169, by Fisher, requiring  
clerks of county courts to keep record of  
marks and brands of live stock.

House bill 170, by Spencer, authoriz-  
ing the sale of cemetery land in Spencer.  
Mr. Darst received unanimous con-  
sent to call up the substitute for house  
bill 5, providing for execution of the  
death penalty in the walls of the peni-  
tentiary. It was ordered to its third  
reading.

The vote by which house bill 69 was  
rejected was reconsidered and the bill  
re-committed to the committee on aris,  
science and general improvement.

A large number of bills were passed to  
their second reading.

House bills 102, to amend the military  
law; 59, to regulate millers' tolls; 8,  
providing for the destruction of noxious  
weeds, were rejected.

House bill 103, to prevent the employ-  
ment of child labor, was reported ad-  
versely by the committee on labor. Mr.  
Combs demanded the yeas and nays.

The house refused to reject the bill, by  
a vote of 11 to 46, and it passed to its  
second reading.

In the senate, senate joint resolution  
No. 11, proposing amendments to the  
state constitution, was passed to its  
second reading.

Senate bill 42, was then taken up,  
read a third time, and passed. It pro-  
vides for the better ventilation of mines.

Senate joint resolution 8, which  
made a special order for 2 o'clock, was  
laid on the table. It provided for a  
commission to revise the school laws.  
The house resolution on the same sub-  
ject will probably be adopted. Adjourned.

DISASTROUS SNOWSLIDE.  
On the Canadian Pacific Railroad,  
Seven Lives Were Lost.

VANCOUVER, B. C., Feb. 1.—Details  
were received here today of the fatal  
snow slide on the main line of the Cana-  
dian Pacific at Rogers' Pass, on the  
summit of Selkirk. The catastrophe  
occurred last evening. The trainhouse  
and station were swept away, seven lives  
were lost and two persons injured.

Those dead are: Agent Caton, wife and  
two children; Operator Carter; Engine  
Wiper Bepley; unknown man.

The injured are unknown. A large  
force is engaged in the recovery of the  
bodies and two have been found up to  
the present time. Several large slides  
had taken place during the morning  
and early afternoon, causing consider-  
able damage to the sheds east of Gla-  
cier. Trains are held at Glacier and  
donald until further advice. The com-  
pany expect to have the line cleared some  
time today. Superintendents Marpole,  
Buchanan and Wilson, of the railroad,  
are on the spot and using every effort.

This is the most serious slide that has  
occurred since the first year of the con-  
struction of the railroad, when twelve  
lives were lost in the slide eight miles  
east of here.

Dr. Bull's Cough Syrup will cure  
a cough or cold at once. Don't nec-  
essitate your cough. It may give you ser-  
ious trouble.

CASTORIA.  
The Kind You Have Always Bought  
Bears the  
Signature  
of  
J. C. Watson

In spite of the preparations that were made for the present winter, the people of Dawson City and the surrounding settlements are suffering terribly from cold and hunger. The winter  
is much more severe than last year, and many of the supplies, owing to poor luck, were frozen and rendered unfit to eat. Long over land trains of food are now en route for Daw-

# Mistaken Methods.

Plucking catarrh out by the roots the only way to cure it.—Local treatment  
always harmful.

**SURROUNDING** catarrh with mys-  
tery has hidden  
many errors.  
The names un-  
der which catarrh passes have also helped to mystify.  
When catarrh reaches the bronchial tubes it is called  
"bronchitis"; if it gets to the lungs it is named "con-  
sumption"; and in the stomach it is "indigestion."  
Dr. Hartman has done more than any other person  
to remove the mystery from catarrh. Get his books  
called the "Ills of Life," or "Chronic Catarrh."  
These books are mailed free, on application to the  
Pe-ru-na Medicine Co., Columbus, O.  
They show the evil results of local treat-  
ment, and explain the scientific action of  
Dr. Hartman's great remedy Pe-ru-na,  
which has a forty years' record of success.  
Pe-ru-na makes the system throw off  
every catarrhal affection; it brings normal  
action to the nerves and blood. It thus  
makes healthy membranes and drives out  
every phase of catarrh.  
"I had catarrh for five years," writes Mr.  
G. W. Shields, McKinney, Texas (box 26).  
"It got so bad that I could not do a day's  
work. I was so poor and weak that my phys-  
icians could do me no good. Seeing Dr.  
Hartman's name in the leading papers con-  
cerning catarrh induced me to write to him.  
He sent me instructions how to cure it. I  
got Pe-ru-na and Man-a-lin, and improved  
more with every bottle I took. My blood  
was in such a bad condition that I also took  
one bottle of La-cu-pla. I regained my usual  
weight and all the symptoms of catarrh left  
me. I recommend Pe-ru-na for all those who suffer from chronic catarrh."

Those who have been cured of serious catarrhal trouble by Pe-ru-na, after  
everything else has failed, are anxious to help others. Thousands of letters  
are constantly being received in similar vein to that of Mr. Shields. Men of  
national fame give Pe-ru-na their endorsement.

Letters addressed to Dr. Hartman, president of the Surgical Hotel, Colum-  
bus, O., consulting him about catarrhal troubles, will receive his personal  
attention and reply without charge.

## RESPONSIBILITY OF CLERKS

In the Employ of the Postoffice De-  
partment now in Cuba.

WASHINGTON, D. C., Feb. 1.—The  
question has arisen at the postoffice de-  
partment as to the responsibility of the  
postoffice clerks and other employees in  
Cuba, all of whom are under bond to the  
postmaster of New York. No actual  
case has arisen on which a decision  
must be made, but in view of the diplo-  
matic status of the island, the military  
government established by the United  
States, and the appointment of civilian  
employees at military postal stations to  
establish and operate the postal service  
for the people of Cuba there has been  
some discussion among officials as to  
how postal officials or employees should  
be proceeded against in the event of  
defalcation of funds, which are under-  
stood to be Cuban funds.

There was some informal discussion  
of the subject to-day and it was pointed  
out that while the postal employees sent  
from the United States to inaugurate the  
postal service, from director of posts  
Hathorne down, are civil officers, yet  
they collect funds which it was stated,  
may be termed military revenues and it  
is intimated, certainly not funds belong-  
ing to the United States proper. Under  
these circumstances the line of inces-  
sant against a possible defalcating em-  
ployee is not clear, and if such a case  
arises some knotty problems are antici-  
pated. The complexity as to the proper  
procedure on bonds is stated to be ap-  
plicable to other government employees.

to-day, and ran through the streets  
with a knife in his hand, striking at  
everyone he met. Most of the people es-  
caped from him, but two were seriously  
injured. They are Mary Coyne, whose  
skull was fractured and who will prob-  
ably die, and Miss Manning, a young  
girl who was badly injured. Reynolds  
smashed windows and ran into houses  
and stores, driving out the occupants.  
He was captured by a crowd of citizens,  
who put a rope around his neck and  
threatened to lynch him. He was re-  
scued by some of the cooler headed re-  
sidents of the place and landed in the jail.

Want the Bible Featured.  
CHICAGO, Feb. 1.—The Chicago Wo-  
man's Educational Union to-day adopt-  
ed the following:

Whereas, There is to be another  
world's exposition to signalize the be-  
ginning of the new century, to be held  
in Paris, and

Whereas, The Bible, the world's suc-  
cessful book, has been for our own Amer-  
ica the source and strength, the light  
and creative inspiration of everything  
best in our national life, character and  
hope for the future; therefore, be it

Resolved, That we most heartily fa-  
vor the proposition that under the au-  
sices of the United States government  
such an appropriate and prominent ex-  
hibit be made of the holy scriptures as  
will be an acknowledgement to the  
world of what America owes to the Bi-  
ble.

Books Only Exception.  
WASHINGTON, Jan. 31.—The atten-  
tion of customs officers has been called  
to the decision of the treasury depart-  
ment that books are the only articles  
subject to duty, which can be legally  
imported in the mails. These may be  
delivered upon payment of the duty.  
All other dutiable mail is required to be  
sealed, and for the first offense, unless  
it shall appear that the addressee had  
no knowledge of the prohibition, the  
matter may be released upon the pay-

A Sensational Murder  
TACOMA, Wash., Feb. 1.—A sensa-  
tional murder case has developed in  
Lewis county. The charred remains of  
Rancher W. A. Fadlough were found in  
the ruins of his home, eight miles from  
Chehalis. He had gone to sleep the night  
previous in his cedar cabin. During the  
night the cabin was burned and Fad-  
lough apparently perished with it. The  
officers sent to investigate the matter,

THE HOSPITAL AT DAWSON.  
This picture shows the principal street in Dawson. The largest hospital is  
situated upon this street. There are five other hospitals in Dawson, and  
the situation is so desperate that the mounted police have devoted \$30,000 in  
cash from their own treasury for the assistance of the sick. Commissioner  
Ogilvie has sent to Washington for money and aid. He requires \$2,000 per  
month for the treatment of the poor of Dawson.

found the trunk of the dead man's body  
in the ashes of his cabin, but the head  
and limbs were missing, having been  
completely severed. There were evi-  
dences of violence on the part of the  
body found. William Taylor, a young  
man nearby, has been arrested on sus-  
picion. The dead man recently came  
from Missouri, and was reported to  
have a large sum of money at the time  
of the tragedy.

Havenswood's New Bank.  
Special Dispatch to the Intelligencer.  
CHARLESTON, W. Va., Feb. 1.—Hav-  
enswood is to have a new bank, to be  
known as the Jackson County Bank. A  
charter for this purpose was secured  
yesterday from the secretary of state.  
The bank has a subscribed capital of  
\$2,500, with the privilege of increasing it  
to \$50,000. The incorporators are: G.  
W. Park, of Havenswood; J. B. Morgan,  
of Mares; B. H. H. Hutchinson, of  
Duncan; K. H. Hutchinson, of Mon-  
roe; J. C. Harper, of Havenswood;  
A. Luck, of Silvertown, and fourteen oth-  
er residents of Jackson county.

Maniac Runs Amuck.  
NEW YORK, Jan. 31.—Thomas Rey-  
nolds, of Belleville, N. J., a small town  
near Newark, became a raving maniac

ment of the foreign value, with duty  
added. These restrictions do not apply  
to mail importations under parcel post  
conventions. The department has held  
that linen and other materials not made  
up into household effects, because not  
used as such.

Protest Against Romish Practices.  
LONDON, Jan. 31.—The royal Albert  
Hall, London, was the scene this eve-  
ning of a great demonstration on the  
part of the 10,000 Protestants, including  
representatives of fifty Protestant or-  
ganizations connected with the estab-  
lished church in England, Scotland and  
Ireland. Baron Kinnaird, president and  
the proceedings were marked by the  
utmost enthusiasm. Resolutions de-  
claring "Romish practices in the es-  
tablished church of England" were car-  
ried; and a telegram was dispatched to  
the queen, praying her in direct Lord  
Salisbury, the premier, to take effective  
steps to suppress the practices con-  
demned.

EVERYBODY'S liable to itching  
piles. Rich and poor, old and young—  
terrible the tortures they suffer. Only  
one sure cure. Doan's Ointment. Ab-  
solutely safe; can't fail.

NO LONGER HOPE  
Of Justice for Dreyfus—His Extreme  
Friends Largely to Blame.

PARIS, Feb. 1.—The most ardent sup-  
porters of the theory that Dreyfus was  
unjustly condemned, now admit that  
there is no longer the hope that justice  
will be done.

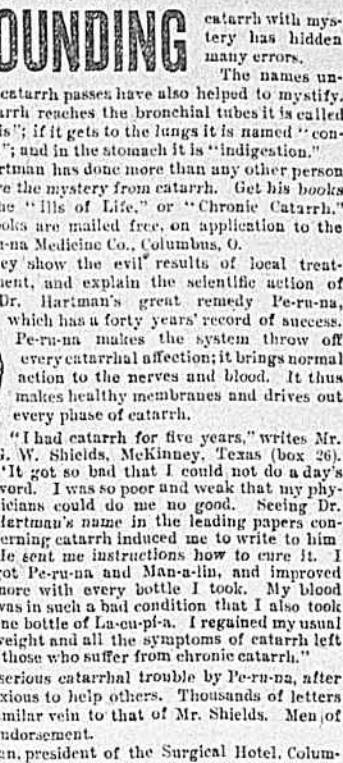

A prominent member of the Univer-  
sity of Paris, who, from the first, has  
been a militant champion of a revision  
of the trial, says:

"For ninety-nine out of a hundred  
Frenchmen the guilt or innocence of  
Dreyfus is a matter of sentiment. All  
the reasoning in the world would not  
induce them to change their attitude.  
There are millions of Frenchmen who  
will insist upon Dreyfus' guilt in spite  
of any proof to the contrary. A terrible  
feature of the situation is that the atti-  
tude of this majority is dictated by mo-  
tives which they believe to be deserv-  
ing of the highest respect. I admit that  
some of the Dreyfusards are much to  
blame for this. The best cause may be  
ruined by disreputable adherents, and  
there are men on the Dreyfus side of  
whom every patriotic Frenchman is the  
natural enemy. While the majority of  
us have been merely demanding that  
justice should be done, a persistent mi-  
nority has made this demand an excuse  
for virulent onslaughts on institutions  
we hold in great esteem."

In conclusion the member of the uni-  
versity predicted that the result of the  
agitation will be "an onslaught of un-  
paralleled violence on the Jews, as the  
masses are convinced that they are at  
the bottom of the whole trouble."

K. of P. Tribunal.  
INDIANAPOLIS, Ind., Feb. 1.—The  
supreme tribunal, Knights of Pythias,  
began to arrive here to-day and will  
hold sessions lasting until the last of  
the week. The body is composed of  
Judge Sea, of Dallas, Texas; Edward  
Realm, of Montgomery, Ala.; John H.  
Alexander, of Leesburg, Va.; W. A.  
Gale, of Boston, and A. B. Gardiner, of  
New York. The supreme chancellor of  
the order, T. G. Sample, of Allegheny,  
Pa., and recorder W. D. Kennedy, are  
also here. It is expected that a number  
of litigants will be in attendance. The  
tribunal will take up a number of cases  
appealed from the state divisions, but  
no docket has been issued. The body  
composes the court of last resort for the  
Knights of Pythias.

Bolivian Insurgents Successful  
LIMA, Peru, (Via GALVESTON,  
Texas), Jan. 31.—Trustworthy advices  
received here from Bolivia say the pre-  
sident of that republic, Senor Severo  
Alonso, who has been operating with

A COLLEGE MAN FOR COMMISSIONER.  
President J. G. Schurman of Cornell University will be a Member of the  
Board to Settle the Philippine Question.

It is not often that a man is called  
from the head of an institution of  
learning to fill a political post, but such  
is the case with President J. G. Schur-  
man of Cornell University, and the se-  
lection of him by President McKinley  
to form a part of the board to unravel  
the knotty Philippine problem is a flat-  
tering testimony to President Schur-  
man's ability as a diplomat as well as  
an educator. Dr. Schurman is well  
known all through the United States,  
and is in the forefront of American ed-  
ucators.

It is well known that he has ambitions  
which even Cornell University cannot  
curb, and the Cornell men are willing  
to touch for his qualifications as a  
diplomat. Before Dr. Schurman went  
to the University as a professor he re-  
sided in Canzara, where he attracted  
the attention of Sir John Macdonald  
by his excellent capabilities. The two be-  
came very friendly, and so loath was  
Sir John to leave, Dr. Schurman that  
he offered to open up for him a public  
career in Canada if the doctor would re-  
main there.

OUR NEW NAVY YARD AT MANILA.  
The engineers, under Admiral Dewey's direction have now nearly completed the navy yard at Manila, in  
which our ships can be repaired. At present it is necessary to bring them all the way home for the simplest  
matter. The new yard will afford abundant facilities for dry dockage, scraping and all minor repairs aside  
from actual reconstruction.

INTERESTING CITY.  
Something About Bogota Where U. S.  
Minister Hart Resides.

Frank Leslie's Monthly: It takes  
about two and a half days of rough  
riding over the Andes to reach the  
savanna of Bogota. This was originally  
the bottom of a volcanic lake. It is  
situated some eight thousand feet above  
the sea and is surrounded by mountain  
peaks. The mule-back journey ends  
at the little town of Facativilla, on the  
edge of the savanna, and a short rail-  
way across the plain leads to the cap-  
ital. Once here a great change is felt  
in the climate. We seem to have en-  
tirely left the tropics. At Honda the  
heat is so great that the very stones  
were too hot to walk on, and the river  
water was lukewarm. Here we are in  
a climate temperate, fresh and cool. In  
the evening it is even chilly, and over-  
coats and warm blankets are required.

Bogota was founded in 1535 by Don  
Joaquin Jimenez Quesada, and is in many  
ways the finest and most interesting  
city in the republic. On one side it is  
approached through a long avenue of  
eucalyptus trees. Above the city tower  
the massive heights of Guadalupe and  
Monserate, their summits often  
crowned in vapor. Here, high up in  
the mountains, reached only by the  
worst of mule tracks, and within five  
degrees of the equator, is this rich old  
city with 120,000 inhabitants, well paved  
streets, electric lights, telephones and  
trolley cars, and filled with the artistic  
productions of Europe. In the center  
of the city is the Plaza Bolivar, with  
its gardens filled with old-fashioned  
European flowers, side by side with  
tropical plants. On the eastern side of  
the square stands the old cathedral with  
its twin towers of gray masonry, look-  
ing very stately against the dark pur-  
ple mountains behind. Near the cath-  
edral is the beautiful Capella San Sal-  
vador, its arcades filled with ancient  
paintings—many of them of great in-  
terest—and its vaulted ceiling covered  
with elaborately carved paneling. Be-  
low are the quaintly carved wooden gal-  
leries on either side of the nave, above  
the stone arcade. The kneeling, black-  
robed figures seen against the beautiful  
old gilded altar-pieces in the dim light  
give an impression long to be remem-  
bered.

On the south side of the square stands  
the incomplete government building,  
and arcaded stores, bright with the pro-  
ductions of Paris and New York, com-  
plete the quadrangle.

As a contrast to this, a little way off

is the market place, with its crowds  
of Indians selling fruits and vegetables,  
side by side with red terra-cotta net-  
tery of all shapes, piles of straw hats,  
and cheap Manchester goods, also  
sugar canes and cages with green pa-  
rots. Numerous mules and drivers, dogs  
and squatting Indian women are in-  
terpersed amid the heaps of bananas,  
mangoes, apples and plums. Stands of  
cheap jewelry and odds and ends of all  
sorts mark up a curious medley. Civ-  
ilization stands hand in hand with sav-  
agery, and so mingled are they that at  
times it produces a singularly chaotic  
effect.

This is an epitome of the whole coun-  
try. The civilized centers with their  
busy city life and their touch, though  
slight, with modern life, are still but as  
small spots in a vast country, sweeter-  
ing under a tropical sun. A few miles  
from these cities civilization is all swal-  
lowed up, and nature reigns silently  
supreme on her grandest scale. Only a  
short distance from a business town  
and you may lose yourself in forests  
where the white man has never yet pen-  
etrated and the primeval stillness is  
unbroken.

Found Strangled to Death.  
PHILADELPHIA, Pa., Jan. 31.—Mrs.  
Mary A. Lawler, widow, aged seventy-  
one, of 745 Tasked street, was found  
strangled to death to-day in an upstairs  
room of her home. The police have no  
clue to the murderer, but suspect that  
it was the work of thiever. She was re-  
puted to have saved a little money,  
which she invariably carried in a small  
bag fastened to her waist, and this was  
missing from the body.

IT has been fully demonstrated that  
Ely's Cream Balm is a specific for Na-  
sal Catarrh and cold in the head. This  
distinction has been achieved only as  
the result of continued successful use.  
A morbid condition of the membrane  
in the nasal passages can be cured by  
this purifying and healing treatment.  
Sold by druggists or it will be mailed  
for 10 cents by Ely Brothers, 56 Warren  
street, New York. It spreads over the  
membrane, is absorbed and relief is im-  
mediate.

Relief in Six Hours.  
Distressing Kidney and Bladder dis-  
ease relieved in six hours by "New  
Great South American Kidney Cure. It  
is a great surprise in relieving pain in  
bladder, kidneys and back, in male or  
female. Relieves retention of water al-  
most immediately. If you want quick  
relief and cure this is the remedy. Sold  
by R. H. List, druggist, Wheeling, W.  
Va.

EXCELLENT RESULTS.  
They Have Resulted in a Steady  
Gain of Popularity.

People who are Ever Ready to Re-  
commend What Has Done Them  
Much Good.

Morrow's Kid-ne-olds, the scientific  
kidney remedy and backache cure, is  
daily gaining favor in Wheeling. No  
medicine has ever been sold in Wheel-  
ing for kidney ailments, backache, ner-  
vousness, sleeplessness and general de-  
bility that has gained such popular fa-  
vor as Morrow's Kid-ne-olds.

We give you the experience of Mrs.  
C. W. Thurlow, of 2312 Market street,  
who recommends Kid-ne-olds as fol-  
lows: "I have been a sufferer from dis-  
ordered kidneys almost all my life, and  
was never able to get anything that  
would cure me. The doctors said my  
disease was constitutional kidney trou-  
ble, and that I would never be well  
again, as my case was incurable. I suf-  
fered constantly with an aching pain  
across the small of my back and the  
discharges of the kidney secretions were  
at times excessive, and at other times  
very frequent and scant and attended  
with pain."

I had about given up all hope of ever  
getting well, believing the doctors were  
right when they said my case was in-  
curable, when I read about Morrow's  
Kid-ne-olds and where they had cured  
just such cases as mine. As Mrs. C. W.  
Thurlow guarantees them to cure or re-  
fund the money, I secured them at his  
store and began using them according  
to the directions. It was remarkable  
how quickly they gave me relief from  
the distressing pains across my back,  
and the other troubles as well. They are  
all the manufacturers claim for them  
without any doubt."

Morrow's Kid-ne-olds are not pills,  
but Yellow Tablets and are put up in  
wooden boxes which contain enough for  
about two weeks' treatment and sell at  
fifty cents a box by Chas. R. Goetze, the  
druggist. A descriptive booklet will be  
mailed upon request by John Morrow  
& Co., Chemists, Springfield, Ohio.

TAKING SUPPLIES TO THE DAWSON CITY SUFFERERS.

In much more severe than last year, and many of the supplies, owing to poor luck, were frozen and rendered unfit to eat. Long over land trains of food are now en route for Daw-

son and Circle City.

is the market place, with its crowds  
of Indians selling fruits and vegetables,  
side by side with red terra-cotta net-  
tery of all shapes, piles of straw hats,  
and cheap Manchester goods, also  
sugar canes and cages with green pa-  
rots. Numerous mules and drivers, dogs  
and squatting Indian women are in-  
terpersed amid the heaps of bananas,  
mangoes, apples and plums. Stands of  
cheap jewelry and odds and ends of all  
sorts mark up a curious medley. Civ-  
ilization stands hand in hand with sav-  
agery, and so mingled are they that at  
times it produces a singularly chaotic  
effect.

This is an epitome of the whole coun-  
try. The civilized centers with their  
busy city life and their touch, though  
slight, with modern life, are still but as  
small spots in a vast country, sweeter-  
ing under a tropical sun. A few miles  
from these cities civilization is all swal-  
lowed up, and nature reigns silently  
supreme on her grandest scale. Only a  
short distance from a business town  
and you may lose yourself in forests  
where the white man has never yet pen-  
etrated and the primeval stillness is  
unbroken.

Found Strangled to Death.  
PHILADELPHIA, Pa., Jan. 31.—Mrs.  
Mary A. Lawler, widow, aged seventy-  
one, of 745 Tasked street, was found  
strangled to death to-day in an upstairs  
room of her home. The police have no  
clue to the murderer, but suspect that  
it was the work of thiever. She was re-  
puted to have saved a little money,  
which she invariably carried in a small  
bag fastened to her waist, and this was  
missing from the body.

IT has been fully demonstrated that  
Ely's Cream Balm is a specific for Na-  
sal Catarrh and cold in the head. This  
distinction has been achieved only as  
the result of continued successful use.  
A morbid condition of the membrane  
in the nasal passages can be cured by  
this purifying and healing treatment.  
Sold by druggists or it will be mailed  
for 10 cents by Ely Brothers, 56 Warren  
street, New York. It spreads over the  
membrane, is absorbed and relief is im-  
mediate.

Relief in Six Hours.  
Distressing Kidney and Bladder dis-  
ease relieved in six hours by "New  
Great South American Kidney Cure. It  
is a great surprise in relieving pain in  
bladder, kidneys and back, in male or  
female. Relieves retention of water al-  
most immediately. If you want quick  
relief and cure this is the remedy. Sold  
by R. H. List, druggist, Wheeling, W.  
Va.

EXCELLENT RESULTS.  
They Have Resulted in a Steady  
Gain of Popularity.

People who are Ever Ready to Re-  
commend What Has Done Them  
Much Good.

Morrow's Kid-ne-olds, the scientific  
kidney remedy and backache cure, is  
daily gaining favor in Wheeling. No  
medicine has ever been sold in Wheel-  
ing for kidney ailments, backache, ner-  
vousness, sleeplessness and general de-  
bility that has gained such popular fa-  
vor as Morrow's Kid-ne-olds.

We give you the experience of Mrs.  
C. W. Thurlow, of 2312 Market street,  
who recommends Kid-ne-olds as fol-  
lows: "I have been a sufferer from dis-  
ordered kidneys almost all my life, and  
was never able to get anything that  
would cure me. The doctors said my  
disease was constitutional kidney trou-  
ble, and that I would never be well  
again, as my case was incurable. I suf-  
fered constantly with an aching pain  
across the small of my back and the  
discharges of the kidney secretions were  
at times excessive, and at other times  
very frequent and scant and attended  
with pain."

I had about given up all hope of ever  
getting well, believing the doctors were  
right when they said my case was in-  
curable, when I read about Morrow's  
Kid-ne-olds and where they had cured  
just such cases as mine. As Mrs. C. W.  
Thurlow guarantees them to cure or re-  
fund the money, I secured them at his  
store and began using them according  
to the directions. It was remarkable  
how quickly they gave me relief from  
the distressing pains across my back,  
and the other troubles as well. They are  
all the manufacturers claim for them  
without any doubt."

Morrow's Kid-ne-olds are not pills,  
but Yellow Tablets and are put up in  
wooden boxes which contain enough for  
about two weeks' treatment and sell at  
fifty cents a box by Chas. R. Goetze, the  
druggist. A descriptive booklet will be  
mailed upon request by John Morrow  
& Co., Chemists, Springfield, Ohio.
